“ It was a great gift to get to be one of Uncle Bill's nieces. His heart was wide open to all of his friends and family - but "his girls" always knew there was a special place for them there. I admired him and loved him dearly for his kindness, his generous spirit, and his boundless devotion to his family. What a blessing it was to be a part of that circle. Love you always, Uncle Bill ... “ Bill was a man of great character. He almost always had a smile on his face, and it seemed to me that he was happiest when he was helping others, especially working with Mark in whatever capacity was required. I feel fortunate to have known him as well as I did. Our condolences to the McKinley family.
