“ May GOD rest your soul in peace Will. You always left a good impression on everyone you met. I considered you a brother, not one day went by that I didn't see you. Now everyday I go to work and I see the Surge soda can I remember you. It will not be the same at the store without your presence. I will always have respect for you and I will never forget how you always worried about me and April like family. I will miss you walking into the store and telling me "Hey Brother" You left us too early and you will be missed by many. I love you brother and I know one day we will meet again.
