“ *I was truly saddened to hear of Win's illness and his passing. He was part of my work family from 1987 until he left the Greater Minneapolis Convention and Visitors Association. He remained a friend. He was a person who brought people together and befriended them into his social group. New people coming to town were embraced into a circle of friendship. When my wife Mitzi and I moved to Minneapolis from Houston, we were welcomed into that circle of friendship. Memories of friendship and kindness, creativity and intelligence will be what I will remember of Winslow and a lot of good times. Nancy I am so sorry for your loss. I hope you find peace and comfort from family and friends during this time.*

“ On this July 4th I can totally see it fitting to say Winslow will be coordinating a boat party of biblical proportions. We always have great memories of fabulous times with the Win and Nancy. Hugs to you Nancy and see you soon! Corie and Bill

“ It was so sad to hear of Win's passing. My memories of him are lots and lots of laughter, fun, no matter where he was or what he was doing. He was so kind, thoughtful and generous. Nancy, I remember being at your house once when I was in Minneapolis on business. God Bless.

“ Winslow was my best friend and I am going to miss him so much. There is going to be piece of my heart that will forever be missing now. We had just so much fun in the 30 years we have been friends. From our crazy Jamaican and Caribbean trips to our fabulous weekends on Lake Minnetonka to our skiing vacations at Whistler to all the fun days on the golf course.. and watching all those Vikings game. We never did make it to the Super Bowl again in his lifetime. So many weekend were spent just hanging out with Win and Nancy laughing and having great fun. Nancy, do you remember the Phil Simms "hanging"! I was laughing about that the other day! The world has lost a very kind and generous man. I will miss him forever. Rest in peace my dear friend.

MH

Sad to hear the news about Win. Knew him years back to be fun-loving, spirited and friendly; like all the Spaldings on Halifax Ave in Edina. Feel fortunate to have known Win and the whole gang and he'll be remembered warmly. Taught me how to play the guitar and each time I hear a Van Morrison song, I think of Winslow. ATB to those in Win's circle!

Hard to believe I have known Win for over 20 years. He was keen, funny and very perceptive. MY times with Win were limited to CESSE Annual meetings and they were so much fun. He added life to everything he did or touch. I am lucky to have known and had you in my life. Rest in peace. You are missed.

My memories of Win will always bring a smile to my face. From a July day on the water with him (and other colleagues) many years ago, to our frequent interactions at conferences, his friendship, caring and class was second to none. His presence will be missed, but his spirit will live on forever.

Memories of Win go back over twenty five year, we had such fun at meetings like CESSE, and ASAE over the years. He was always the life of the parties. For a minute Nancy I thought Theresa was married to him, she tried so hard to make him behave at all the events. He is gone too soon, blessings to you and the family! Rest in Love and Peace my friend!

Rest in peace Win. You will be greatly missed, and are cherished by so many of us who had the privilege of being your friend. Along with my sweet friend Theresa Coninck, Win and Nancy were two of the very first and very closest industry friends from waaaay back in the late 80's during my Chiefs of Police days. The laughter and good times were in abundance during our times together. I'll never forget seeing the Northern Lights for the first (and only) time while sharing one of the BEST of days on Win and Nancy's boat. We have kept in contact through these many years, and I will miss him so much. Sending much love your way Nancy.
