“ *This lovely woman shared her beautiful spirit with those around her so generously that it was a shame not to be smiling around her. I always appreciate Zufan's encouraging words to "forget what they think, do what you want to do". To a young person in our community, this type of encouragement is gold.*

She often talked to me about the importance of doing things you love. Zufan did the things she loves with style and grace, which reflects her personality. Her bright spirit is so contagious, it lives on in stories as we remember our dear Zufan.

“ I am deeply saddened by the passing of Zufan. Her positive attitude, intelligence, great work ethic and thoughtful demeanor will be greatly missed.

I worked very closely with Zufan when she returned to work at FV. She always wanted to do not just a good job, but a great one. Staff on the floors loved her and always had positive things to say about her work.

I think Zufan's positive attitude in the face of adversity speaks a lot to the type of person that she was. This character trait shined through whenever I would talk with her. She was always filled with kindness and gratitude. She would regularly tell me how blessed she was to be surrounded by such loving family and friends.

I will greatly miss Zufan and send my thoughts and prayer to her family and friends.

“ I will remember Zufan for being the courageous, sweet, encouraging individual that she was. Zufan always reminded me to work hard and do better for myself and forget what anybody else has to say about it, and I truly respected her for that.

She was a lovely woman and remains forever in our hearts, though we miss her dearly. My sincerest condolences to the family. We lost a loyal sister, daughter, auntie and friend but we gained an angel.

Thank you Zufi, for being you.
